EXTENSION IMPACTS ON TENNESSEE

RECEIVED
06/13/2022

The Extension Service of Giles County consists of off-campus teaching programs of both The University of Tennessee and Tennessee State University. Bringing research-based information about Agriculture, Family and Consumer Sciences, 4-H, and Community Resource Development is our main focus for the community of Giles County.

The COVID-19 Pandemic did not slow UT-TSU Extension down from bringing education and research to the Giles County community. The following will show the impact Extension had in Giles County for 2021.

Agriculture Impact

- Beef Production is one of the largest industries in Giles County. Revenue from sales each year is approximately \$23.01 mil. UT Extension Ag Economist have determined that for each dollar of direct output the economic impact on the local economy is \$1.30. So, the annual economic value of beef production to the Giles County Economy is approximately \$29.9 mil.
- Giles County Extension made 10,660 direct contacts with beef and forage producers in 2021 through e-mail, phone calls, group meetings, farm visits and social media.
- From yearly beef survey with county producers, 18 reported selling 1340 value added calves through alliance sales. 14 years of TN Beef Alliance data indicate that value added calves sold through alliance sales had a \$78.04 added value over the TN avg. price. That's an additional \$104,573.60 income for these 18 producers.
- 97 beef producers participated in 2 face to face Master Beef classes and 2 virtual classes representing 9516 acres of pasture, 5038 acres of hay, 3442 beef cows and 176 bulls. Post class surveys from these classes indicated that 76% of participants were extremely satisfied with the master beef class, 14% felt extremely knowledgeable and 56% very knowledgeable with information presented in the class and 73% are extremely pleased with how the master beef class helps them with their operation
- Comments from Giles County beef producers surveyed included: "I have learned various things from attending the classes and meetings presented by UT Extension", "Taking Master Beef motivated me to improve my herd genetics", "UT Extension helped identify forages to plant" and "Just starting my farm and they provided me with great resources to obtain funding assistance."
- 70 beef farms in Giles County received \$169,500 in TN Ag Enhancement Program funding last year. Research has determined that for every \$1 spent in the community an additional \$6.09 is generated in the local economy. That is an economic benefit of \$1.03 mil. based on the \$169,500 received by county producers.
- 17 county producers were certified through the Pesticide Safety Education Program on the safe use of pesticides. Research has estimated annual benefits of \$8966 per certification for a total impact of \$152,422 with these 17 producers.
- Of 25 landowners attending a fall timber marketing zoom meeting 17% plan to sale in the next year and 42% may sale in the next year, 83% of participants found the meeting useful and 100% reported learning one thing to help them in managing and marketing their timber
- In 2021 UT Extension sponsored a grain safety training program for emergency personnel and first responders who reported an 85% increase in knowledge on proper grain entrapment rescue. In addition Giles County emergency first responders received approximately \$10,000 in new equipment that will aid in grain bin rescues. Comments from the grain safety training included: "This was a great class. I go to a lot of classes throughout the year and this one was by far one of the best. Thanks for giving this class and equipment. To all that had a hand in this class went above and beyond to make it a fun learning experience," "Really appreciate everyone that took time to get this training that is needed for the first responders" and "This was a very good training! It was very much needed and timely."
- According to UT research, Giles county soybean producers 95% adoption rate of the Xtend program on 13,505 acres of soybeans was determined to be a weed control saving of \$96,155.

Horticulture Impact

- 7 of 15 residents increased their knowledge of crop, cultivar, and site selection; soil and fertility management; cultural practices; plant management practices; pest and disease identification; integrated pest management practices; or proper harvest and handling— Consumer and Home Fruits and Vegetables
- 5 residents plan to increase their knowledge of crop, cultivar, and site selection; soil and fertility management; cultural practices; plant management practices; pest and disease identification; integrated pest management practices; or proper harvest and handling within the next year— Consumer and Home Fruits and Vegetables
- 3 Extension Master Gardener interns received 40 hours of training and increased knowledge in plant and soil science principles, landscape design and maintenance, pest and disease control (integrated Pest Management), fruit and vegetable production, and environmental stewardship of water and soil resources— TN Master Gardeners
- 15 residents received information on home fruit and vegetable production— Consumer and Home Fruits and Vegetables

**CONTRACT
BETWEEN THE STATE OF TENNESSEE,
DEPARTMENT OF SAFETY AND HOMELAND SECURITY
AND
GILES COUNTY CLERK**

This Contract, by and between the State of Tennessee, Department of Safety and Homeland Security, hereinafter referred to as the "State" and Giles County Clerk, hereinafter referred to as the "Procuring Party," is for the performance of certain driver license transactions as authorized by Tenn. Code Ann. § 55-50-331(a) and certain handgun carry permit transactions as authorized by Tenn. Code Ann. §§ 39-17-1351 and 39-17-1366, as further defined in the "SCOPE OF SERVICES."

"Procuring Party," is for the performance of certain driver license transactions as authorized by Tenn. Code Ann. § 55-50-331(a) and certain handgun carry permit transactions as authorized by Tenn. Code Ann. §§ 39-17-1351 and 39-17-1366, as further defined in the "SCOPE OF SERVICES."

A. SCOPE OF SERVICES:

A.1. The Procuring Party shall provide all goods or services and deliverables as required, described, and detailed below and shall meet all service and delivery timelines as specified by this Contract.

A.2. Background:

- a. The Uniform Classified and Commercial Driver License Act (Tennessee Code Annotated (T.C.A.). Title 55, Chapter 50) specifies that the Tennessee Department of Safety and Homeland Security (TDOSHS) is responsible for the administration of the Act. The TDOSHS is authorized, in T.C.A. § 55-50-331(a), to contract with others for the provision of any service related to the issuance, examination, and renewal of driver licenses subject to applicable contracting statutes and regulations. This Contract with the Procuring Party is for certain, limited driver license transactions as described in Section A.4. The Procuring Party will not be responsible for, or permitted to issue, an initial, original driver license of any class (including the identification license), nor will the Procuring Party be responsible for, or permitted to issue, any temporary or conditional driver license of any class (including the identification license).
- b. Tennessee Code Annotated Title 39, Part 17, Chapter 1351 contains the laws for a handgun carry permit in Tennessee. The TDOSHS is authorized, in T.C.A. § 39-17-1351(q)(1), to contract with a local government agency for the provision of any service related to the renewal of handgun carry permits, subject to applicable contracting statutes and regulations. This Contract with the Procuring Party is for certain handgun carry permit transactions as described in Section A.4. The Procuring Party will not be responsible for, or permitted to issue, an initial, original handgun carry permit of any type.

A.3. Definitions. The following definitions are applicable in this Contract:

- a. **Class D license:** a Class D license is one that is issued and valid for the operation of any vehicle with a Gross Vehicle Weight Rating less than 26,001 pounds or any combination of vehicles with a Gross Combination Weight Rating less than 26,001 pounds EXCEPT vehicles in Classes A, B, C, or M or vehicles that require a special endorsement unless the proper endorsement appears on the license, and shall include autocycles; T.C.A. § 55-50-102(21)(D).
- b. **Class M license:** a Class M license is one that is valid for all motorcycles, including all motor-driven cycles; this license classification may be added to a license valid for any

other class, or it may be issued as the only classification on a license if the applicant is not licensed for any other classification; a Class M-limited license may also be issued and is valid for all motor-driver cycles, including mopeds, but not for larger motorcycles; T.C.A. § 55-50-102(21)(F).

- c. **Class DM license:** a Class DM license is one that combines both the Class D and the Class M; T.C.A. §§ 55-50-102(21)(D) and 55-50-102(21)(F).
- d. **Class ID license:** a Class ID license is a photo identification license restricted in use to identification only and is not valid for vehicular use. The status of driving privileges (revoked, suspended) does not impact a Class ID license; T.C.A. § 55-50-336).
- e. **Class PID license:** a Class PID license is a permanent photo identification license restricted in use to identification only and is not valid for vehicular operation. Unlike the Class ID license, the PID license is issued only upon submission of an application, proof of identity, and satisfactory verification of intellectual or physical disability; T.C.A. § 55-50-323(a)(2)(J)(ii).
- f. **Graduated Driver License (GDL):** the Graduated Driver License program is a multi-tiered program designed to ease young novice drivers into full driving privileges as they become more mature and develop their driving skills. Tennessee's GDL program began on July 01, 2001 and is designed to incrementally teach young drivers how to drive by requiring minimum levels of driving experience and a safe driving history record before allowing teenage drivers to receive a Class D driver license. Certain restrictions are placed on teens under the age of eighteen (18) years who have learner permits and driver licenses. The program requires parent/legal guardian involvement and emphasizes the importance of a good driving record. Drivers under the age of eighteen (18) years are required to go through graduated steps of driving experience to gain full, unrestricted driver license status. There are three (3) phases of licensing for teens under the age of eighteen (18) years: the Learner Permit (PD), the Intermediate Restricted License (IR), and the Intermediate Unrestricted License (IU).
- g. **Learner Permit (PD):** a Learner Permit allows a person, who is fifteen (15) years of age or older, who has successfully passed the standard written test and visual examination for applicants of a state automotive license, and who has the written approval of the person's parent or legal guardian, to operate (with time restrictions) a motor vehicle whenever the person is accompanied by a person who is at least twenty-one (21) years of age and is licensed to operate a motor vehicle; T.C.A. § 55-50-311(a)(1).
- h. **Intermediate Restricted (IR):** an Intermediate Restricted license is, as its name implies, a license with certain restrictions as to person's age, passing a driver license examination, the presence of points pursuant to the driver improvement program, hours of behind-the-wheel driving experience, and other factors described in T.C.A. § 55-50-311.
- i. **Intermediate Unrestricted (IU):** an Intermediate Unrestricted license is, at its name implies, a license applied for after a certain period of time after receiving an Intermediate Restricted license and successful application for the restrictions to be removed as described in T.C.A. § 55-50-311.
- j. **Commercial Driver License (CDL) and Class A, Class B, and Class C Licenses:** a Commercial Driver License is a license issued in accordance with the standards contained in Title 49 of the Code of Federal Regulations (C.F.R.) Part 383 that authorizes the individual to operate a class of commercial motor vehicle (CMV); T.C.A. § 55-50-102(11). Class A, Class B, and Class C licenses are defined in T.C.A. §§ 55-50-102(21)(A), 55-50-102(21)(B), and 55-50-102(21)(C).

- k. **Commercial Motor Vehicle (CMV):** a Commercial Motor Vehicle is a motor vehicle or combination of motor vehicles used in commerce to transport passengers or property if the motor vehicle has a Gross Vehicle Weight Rating or Gross Combination Weight Rating of 26,001 or more pounds, is designed to transport more than 15 passengers (including the driver) or is of any size and is used in the transportation of hazardous materials (as defined in T.C.A. § 55-50-102(30)); T.C.A. § 55-50-102(12)(A) with the exception of vehicles described in T.C.A. § 55-50-102(12)(B).
- l. **Renewal Transactions:** a license shall be renewable on or before its expiration date upon application, payment of required fees (additional fees may be incurred if renewing after expiration), and satisfactory completion of any examination required by state law or rules; T.C.A. § 55-50-338.
- m. **Duplicate or Replacement Transactions:** upon satisfactory proof that a license has been lost or destroyed, proof that the applicant is the person to whom the license was issued, and payment of the required fee, a duplicate or replacement license may be issued in accordance with T.C.A. § 55-50-332.
- n. **GDL Exchanges or Upgrade Transactions:** an exchange or upgrade of a GDL may occur when a person is eligible to move from an IR to an Intermediate Unrestricted (IU); or move from an IU to a Class D driver license in accordance with the requirements in T.C.A. § 55-50-311.
- o. **Downgrading a License:** a downgrade of a license may occur when a CDL Class A, Class B, or Class C license holder wishes to downgrade to a Class D license; or when a Class D license holder wishes to downgrade to a Class ID license (photo identification only).
- p. **Restriction Code or Special Designation Transactions:** T.C.A. § 55-50-353 requires a special designation to be placed on a driver license or photo identification card (Class ID license) for persons identified in T.C.A. § 55-50-353. T.C.A. § 55-50-354 permits language or a symbol to be placed on a driver license or photo identification card (Class ID license) in recognition of military service of an honorably discharged veteran upon request of the veteran, payment of the required fee, and a certified copy of the U.S. Department of Defense discharge papers (a DD 214).

T.C.A. § 55-50-202 authorizes a symbol or words to be placed on a driver license and photo identification license to show whether the requirements of the Real ID Act of 2005 have been met. If requirements have been met (see Section A.4.g.), a gold circle with a white star in the circle shall be placed on the driver license or photo identification license signifying that the holder is authorized to board a commercial domestic aircraft for air travel in the United States, enter certain federal facilities, and enter nuclear facilities. If requirements have not been met, the words "NOT FOR REAL ID ACT PURPOSES", or other similar wording, shall be placed on the driver license or photo identification license.
