General Information

For the 2025-2026 Fiscal Year, the Opioid Abatement Committee (OAC) of Giles County is accepting proposals to fund projects that are focused on the abatement and remediation of opioid use and misuse exclusively for the benefit of those residing in Giles County. Should you have any questions regarding the proposals, contact gilesexec@gilescountyttn.gov.

Main Criteria and Funding Availability:

This funding is to be used for Giles County citizens for the **awareness, education, and/or recovery** of opioid abuse, aligned with a specific remediation strategy found [here](#). If your organization does not fit into one of these three category types, you are not eligible to receive funds. Eligible agencies are permitted to submit one application per year to potentially receive a 12-month grant award. Applicants can only have two “active” grant contracts.

The OAC will request proposals for a funding opportunity annually, pending continued annual payout funding from national opioid lawsuit settlements. There is not a cost match for this funding opportunity.

A non-profit charitable organization is defined as one in which no part of the net earnings benefit from any private shareholder or individual and which provides service benefitting the general welfare of the residents of the county.

Organizations described in section 501(c)(3) are commonly referred to as charitable organizations. Organizations described in section 501(c)(3), other than testing for public safety organizations, are eligible to receive tax-deductible contributions in accordance with Code section 170. The organization must not be organized or operated for the benefit of private interests, and no part of a section 501(c)(3) organization's net earnings may inure to the benefit of any private shareholder or individual.

Importantly, this statute imposes some requirements for such appropriations, which include the organization filing a report “of its business affairs and transactions”. The report must contain an annual audit, description of the program that serves the residents of the county, and the proposed use of the county assistance.

TO REPORT FRAUD, WASTE, AND ABUSE:

All County employees and contractor employees have a responsibility to report waste, fraud, and abuse within the agency. The public is invited to share such concerns. If you suspect fraud, waste or abuse please call 1-800-232-5454

Suspected Fraud:

Any suspected fraud in connection with the Giles County Opioid Treatment Application Program should be reported to the County for immediate review. The County reserves the right to decline funding or participation if it is determined that fraud has occurred.
